X = Door Designation (L, R,DD)

### Standard Pallet Base & Easy Leveling

All Entomology Cabinets have an elevated pallet base for easy installation and feature 4 leveling feet to ensure cabinet is plumb and level.

### Stackable Units

Stack Counter Height units to conserve floor space or add more cabinets.

### Eco-Friendly

Our Museum Cabinets are made in the USA and are eco-friendly with 40% recycled steel content and no VOC finishes harmful to collections or the environment.

# ENTOMOLOGY CABINET FEATURES

Aurora's line of Entomology Cabinets have unique features that make our cabinets second to none.

## Water Shield Top

design included on all cabinets in the event of overhead sprinkler discharge.

## Accepts Entomology Drawers

Accepts Cornell, Smithsonian, California, and USNM Drawers.

## Durable Powder-Coat

Finish has ZERO Off-Gassing making it harmless to collections.

## Steel-Reinforced

Full perimeter reinforced lift-off doors will not warp, rattle or flex. No other competitive cabinets have this solid reinforcement.

## Hinge Design

Heavy-duty lift off hinges feature large diameter pins to easily seat door to cabinet in the event of door removal. Hinge pivot allows door to swing open flush to side of cabinet.

## Accessible Handle

Unlike competitive units with handles sealed within riveted doors, this handle mechanism is readily accessible.

## Industry-Unique Compression Handle

seals and compresses the gasket at four points. More than any cabinet in the market.

## Work Surface on 84" Cabinets

The Rollout Work Surface slides out to create a quick work area for your working notes or herbarium folders.

## Silicon Gasket

with ZERO Off-Gassing has four latch points for the tightest seal on the market.

## Heavy-Duty Base

Specially reinforced base for solid cabinet integrity. Accepts forklifts for installation and moving. Base has easy access to levelers in all 4 corners.
